

Cleansing of Handicap Databases

This a reminder to clubs about the importance of keeping their Handicap database (and hence the CDH) up to date.

A number of recent CDH Enquiries have thrown up an issue at a number of our clubs about Members "Pending" inter club transfers and again raises the importance of releasing players as soon as they leave membership or when they become an "Away" player.

"Pending" players Handicaps are in limbo on the CDH, although individual club software up-dates their Home scores, Away scores are held out of sight on the CDH until the issue is re-solved.

England Golf have identified 3 potentials problems:

1. The club isn't resigning the player correctly / or they don't know the player has left.
2. The Independent Software Vendors (ISV's) are not changing player's status when clubs resign / delete a player from the club.
3. The players are not telling the club when they move.

To check whether you have any "Pending" players, you should access the CDH via CDH Home>Club Reports>Pending Members. If you have forgotten your Username / Password, please contact England Golf Participation and Club Support Department - 01526 354500 option 3.

Once "Pending" players have been identified, clubs should take the following steps to resolve the problem:

1. Contact the other club and ensure that you / they have released / accepted the player.
2. If you are unable to resolve it locally, you should contact your software supplier and see if they can help.
3. If they can't assist, then you should then raise a CDH Enquiry by logging into your Clubhouse account on the CDH website. At the top of the screen there are various options, one of them is an Enquiry tab. England Golf are encouraging clubs to use this method of contact for enquiries so they have a record of the enquiry and can ensure the queries are answered consistently and to the best of their ability.

Some clubs have followed this process and cleared up many issues on their databases.

The CDH has been in operation since 2012, and there have been a significant number of duplications, arising from clubs finding difficulties with the transfer process and taking what they think is the easy way out by issuing new CDH numbers. Bottom line is - only issue a new CDH No, as a last resort and only if you know or are virtually certain that they are either new to the game or have not had a recent Handicap at an affiliated club.

Some clubs also have "Unknown" players, whose Handicaps are also in limbo on the CDH, please check whether you have any in this category and take action to resolve.

Finally, to assist with bringing your database up to date, please find attached the England Golf data cleansing instructions. This should be done on a regular basis, probably after your subscriptions have been finalised, but if it hasn't been done for some time, a good opportunity would be after completion of the Annual Review.
