Factory Eleven working in partnership with England Golf

An Introduction to GolfParc:

The GolfParc Championship Golf hole has been designed to create a highly visual learning environment to help develop the key fundamental skills of Golf and an understanding of playing the game. The GolfParc equipment gives players the experience of navigating the hazards of a golf course in a fun and engaging way. Extremely portable, the equipment can be set up in a wide range of spaces. It is an inclusive resource and can be accessed by young people and adults of all abilities. Used effectively by coaches and teachers in clubs and schools, it has the potential to transform the way participants young and old are engaged and introduced to the sport.

The GolfParc Championship Golf hole equipment set includes:

- 1 x Flag and Base**
- 1 x Water Hazard (with chipping target on reverse)**
- 2 x Bunkers**
- 2 x Trees**
- 2 x Rough**
- 2 x Tee Points**

plus 2 x Equipment Carry Bags

GolfParc can be utilised in a number of different ways to support the golf pro, teacher and club organiser in their work in engaging juniors and creating family participation at a golf facility, in education and across the wider community. From being used as a coaching/teaching resource around a short game area or on the driving range, to the creation of a mini golf course of 3, 6, or 9 holes for coaching or fun competitions. Perfect as a mini 'pitch and putt' for social occasions at a Sunday carvery, birthday party, wedding or society/corporate 'Nearest the Pin'.

Given the portability of the GolfParc equipment it can be easily transported by car and set up in a wide range of recreational and community venues, indoors and out. From leisure centres to recreational parks, school gymnasiums and playgrounds. This gives the Golf Club activity organisers the opportunity to create an engaging golf learning/play experience as part of an outreach programme or community event, helping to introduce the sport to new junior and family participants, whilst promoting their facilities and coaching offers to a wider audience.
